About Us

Founded in 2012, InstantHedge® is the source for finished hedges in the US.

Problem:

5+ years is too long to wait for a mature hedge

Solution:

Over 50 miles of hedges growing in the fertile soil of Oregon's Willamette Valley and shipped nationwide

Result:

Finished hedges in a day, only possible with InstantHedge®

What We Offer

**Premium Quality
Finished Hedges**

**Nationwide,
Year-Round Shipping**

**3 Size Options
for your designs**

**20+ Varieties
of Hedges**

50+ Miles of hedges in production

Process

Our hedges have a reputation for transplanting seamlessly, no matter the season in which they are planted

**BEST
QUALITY**

How do we do it?

01 Start Small

We start all of our own hedges in house either from seed or cuttings. This ensures purity, cleanliness, and consistency from the very beginning. The hedges are planted out using GPS technology when they are just a few inches tall in their final spacing - 10" for the field grown hedges.

02 Root Prune

With a series of blades that gradually increase in size, we begin yearly root pruning. This ensures that by harvest time, every inch of hedge has a thriving, fibrous root system that will withstand transplant shock.

03 Prune Shoots

Each crop is pruned yearly (or more, depending on the variety) to maintain beautifully dense and consistent branching. All field crops are pruned to a 14" thickness to ensure that sunlight can reach all the way to the lower branches for optimum health and vigor.

04 Dig to Order

Our incredible harvesting process combined with the root pruning allows us to dig any time of year so the hedges are as fresh as possible going into your installation. Our system minimizes stress on the roots, giving your hedge the best possible start.

Installation

Dig a Trench

Dig a trench or prepare your planters for the hedges

1

Place Hedges

Lower hedges directly into trench if in cardboard, or lift from pots and set into the trench

2

Finishing Touches

Backfill and water in your hedges well

3

Aftercare

Install drip irrigation, mulch, and apply a slow release fertilizer

4

BEFORE

**Enjoy your new
hedge, finished
in a day!**

Shipping

Shipped Nationwide Out of Canby, Oregon

- ✓ Trusted
- ✓ Reliable
- ✓ Affordable Carriers

	2 week turnaround time		Box trucks available for limited access sites
	Dry and refrigerated 53' vans for year round shipping		Lift gate service and final mile delivery options available

Ordering Process

Get a Quote

Contact us to get a quote for your project with plant and shipping costs.

Payments

Once your order is confirmed, we will need full payment 2 weeks before your requested delivery date. We accept checks, wire transfers, and credit card payments with a 3.5% processing fee.

Shipping

The shipping process typically takes around two weeks. Two weeks plus 1 installation day for a mature hedge? Sure beats the old fashioned way that takes 5-6 years...

Packaging

InstantHedge®

3-4 per pallet

Depending on size
and truck needs

MiniHedgeXL

7-11 per rack

Depending on height
and delivery requirements

MiniHedge

18-24 per rack

Depending on height
and delivery requirements

Truck Capacity

- 30 Pallets InstantHedge® = 300 Linear Feet
- OR 26 Racks MiniHedge = 1,664 Linear Feet
- OR 26 Racks MiniHedgeXL = 834 Linear Feet
- OR 28 mixed pallets and racks

Projects

Ralph Lauren Bar & Grill

📍 CHICAGO, IL

- 01 The process started with deep, durable planter boxes
- 02 Hedges were carefully placed into the planters
- 03 In June, the hedge bloomed with cascading white flowers
- 04 By September, the hedge remained vibrant and lush

Thank you for all the special care you've given me to get this all together. Couldn't have done it without you!!

Lanette Letman, Angel Guardian Florist

Projects

New York Rooftop

📍 BROOKLYN, NY

The designers for this small rooftop space in Brooklyn used Hicks Yew and Boxwood hedges to create a lovely urban garden with an incredible view!

Harrison Design and Green Island Design

Projects

Mortimer Gardens

📍 LONG ISLAND, NY

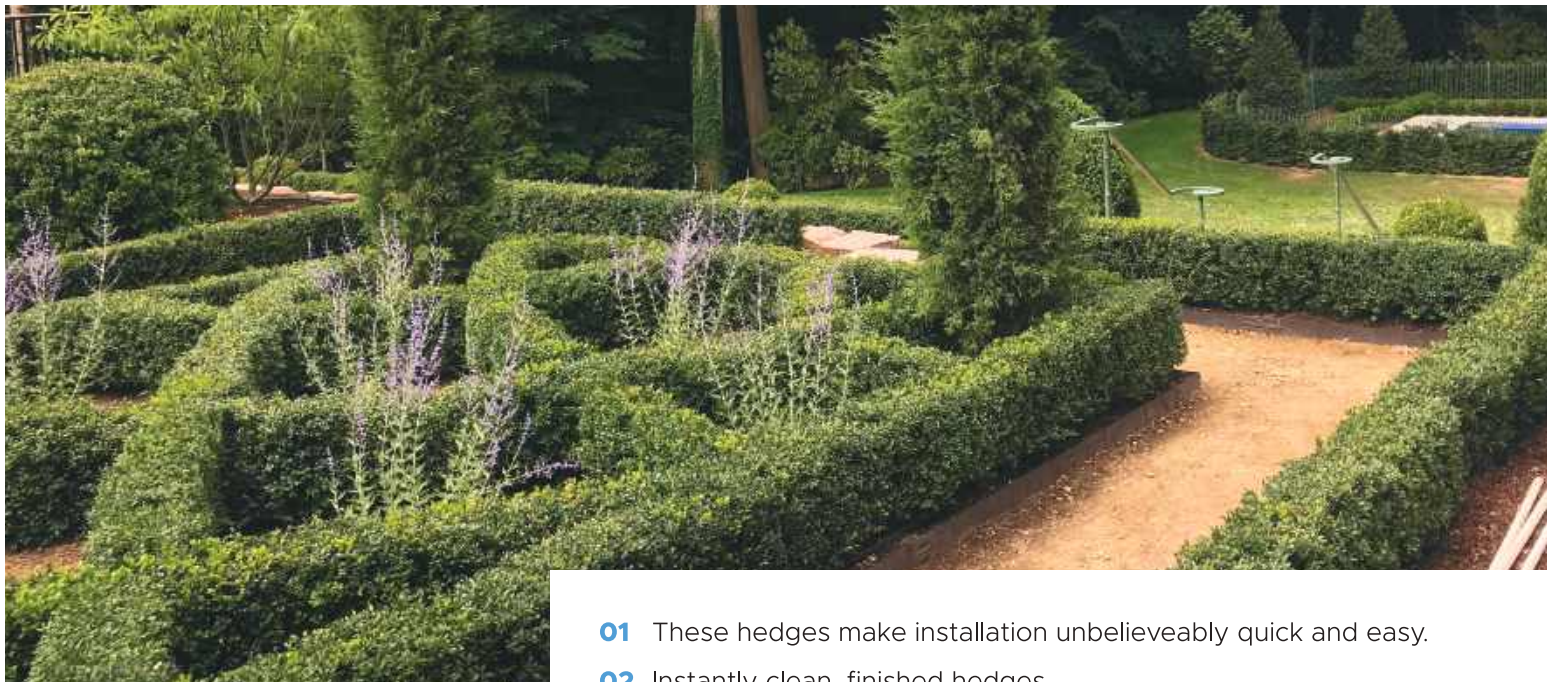

03

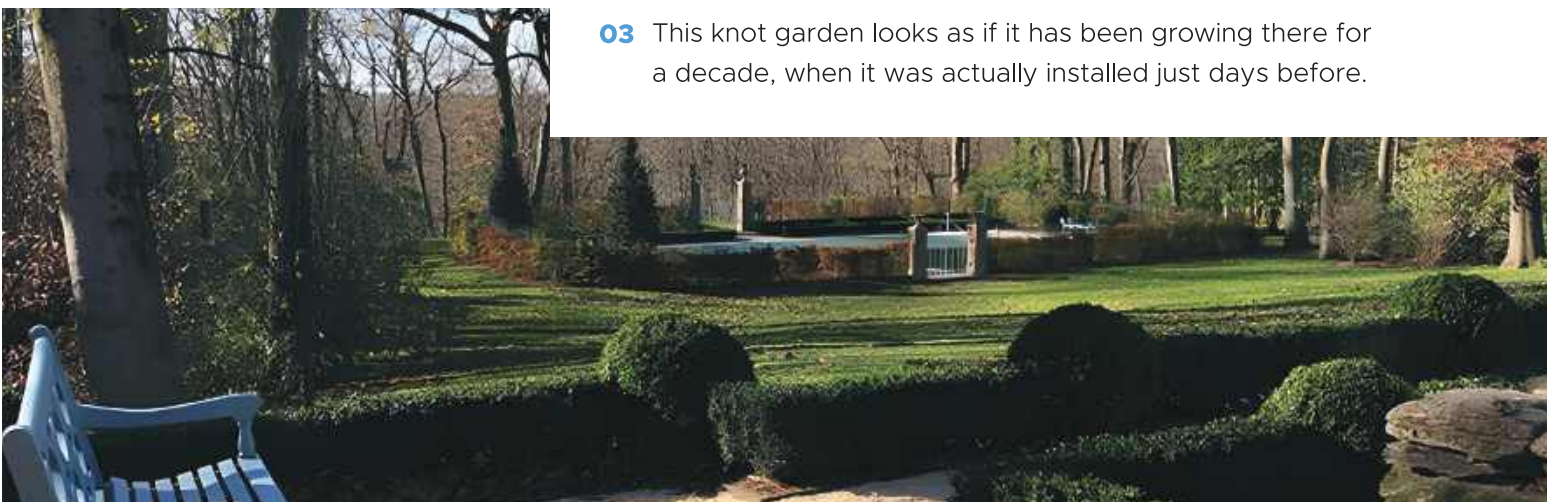

The hedging
has been great
to work with.

Richard Mortimer

- 01** These hedges make installation unbelievably quick and easy.
- 02** Instantly clean, finished hedges.
- 03** This knot garden looks as if it has been growing there for a decade, when it was actually installed just days before.

Projects

Dutch Colonial Revival Mansion

📍 SAN FRANCISCO, CA

Paul Dyer

We were honored to have our hedges used for the 2024 San Francisco Decorator Showcase house. Martinelli Design did incredible work transforming this plot into something special, and our hedges made it possible to create an established-looking garden in no time at all.

From a simple black Mexican pebble ground cover to a formal entry garden that complements the home's grandeur.

Martinelli Design
